Minimalist.
Gloss wallis plum doors, 4 panel.

Minimalist.
Black glass panel doors, 2 panel.

Our gorgeous Minimalist range is unashamedly Italian influenced and makes a bold statement in any modern home.

Rich glass & wood effect colours add warmth and drama and just ooze luxury. The subtle, brushed aluminium frame is deliberately understated, allowing the coloured panels to dominate the design to a breathtaking effect.

It's surprisingly easy to install a Made to Measure sliding wardrobe system

Simply measure the space you're going to use for your wardrobe, give us your measurements and we'll make your doors and track sets to just the right size. Fit your bottom track, then the top one and pop the doors into the track. That's it. A beautiful and stunning wardrobe in a few simple steps.

Traditional.

Frame options

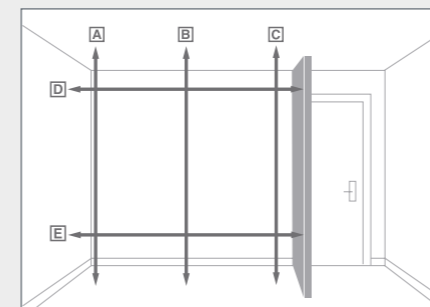

1. Fitting to ceiling and wall to wall.

Measure your opening height and width at the five points indicated on the diagram.

If there is any difference between the measurements of A, B or C, this means that your ceiling and floor are not parallel. Your track sets will allow for a difference of +/- 12mm. Doors will be made to fit the smaller of the 3 height dimensions.

NB. Please take into account any obstruction such as coving, skirting, radiators etc. and either remove them or build an unobstructed opening around them.

Walls should be as vertical, and parallel, as possible. Adjustment in the door will allow for out of square openings up to 20mm maximum. Doors will be made to fit the larger of the 2 width dimensions.

2. Fitting to a doorway or window opening.

3. Fitting with a side panel.

4. Reducing your ceiling height (if room is higher than 2480mm).
